Membership Benefits

Website to Website

As a member, your business is included on our website's directory, which is consumer facing for those looking for services, things to do, places to eat, and where to stay. Listings include a direct link from our website to yours, location, and contact information. We always ask for you to submit your logo so we have on file for marketing.

Direct Marketing

We encourage every member to drop off to our Information Center any marketing material such as brochures and flyers so we can display them for our heavy traffic experienced throughout the year. This is a proven way to acquire new customers.

Digital Marketing and Social Media Support

In addition to collaborating with each member on how to best share their promotions, events, and updates on our website, we all offer support on our social media sites. With a Facebook page with 6,000+ followers and a growing Instagram Page of 1,000+, we help connect our community to your customer base and demographic. Our monthly e-newsletter is sent out to nearly 2,000 subscribers and includes information about our businesses to drive sales.
